

CDTSA MULTI-GUN RULES June, 2020 V1.0

CDTSA reserves the right to change or modify rules as necessary.

These rules are based off of 3-GUN NATION MULTI-GUN RULES Feb. 24, 2019 V2.0

TABLE OF CONTENTS:

1.0 SAFETY RULES

1.1 CDTSA RULES:

1.2 WRITTEN STAGE BRIEFING (WSB):

1.3 FEDERAL AND PROVINCIAL LAW:

1.4 COLD RANGE:

1.5 CHAMBER SAFETY FLAGS:

1.6 FIREARM DESIGNATED CONTAINERS:

1.7 SAFE AREAS:

1.8 TRANSPORTING FIREARMS: (To and from vehicles or between stages)

1.9 MOVEMENT:

2.0 RANGE COMMANDS & SHOOTING POSITIONS

2.1 COURSE OF FIRE:

2.2 "STOP!":

2.3 "MAKE READY":

2.4 "ARE YOU READY?":

2.5 "STAND BY":

2.6 "IF YOU ARE FINISHED, UNLOAD AND SHOW CLEAR":

2.7 "IF CLEAR, HAMMER DOWN":

2.8 "RANGE IS CLEAR":

2.9 RANGE OFFICER RECUSAL CLAUSE:

2.10 ADDITIONAL VERBAL SAFETY WARNINGS:

2.11 START POSITIONS:

2.12 SHOOTING POSITIONS:

2.13 STIPULATED SHOOTING STYLES:

3.0 ABANDONING & GROUNDING FIREARMS

3.1 ABANDONED FIREARM:

3.2 GROUNDED FIREARM:

3.3 RE-HOLSTERING:

3.4 GROUNDED SAFETY CONDITIONS:

3.4.1 SAFETY CONDITION 1: LOADED WITH SAFETY ENGAGED

3.4.2 SAFETY CONDITION 2: EMPTY CHAMBER

4.0 TARGETS

4.1 PISTOL TARGETS:

4.2 CLAY & FRANGIBLE TARGETS:

4.3 SHOTGUN SLUGS:

4.4 RIFLE TARGETS:

4.5 WSB OPTION:

5.0 MATCH SCORING

5.1 MATCH SCORING:

5.2: MULTI-GUN SCORING ON PAPER SHOOT TARGETS:

5.3 MULTI-GUN SCORING ON PAPER NO-SHOOT TARGETS:

5.4 MULTI-GUN SCORING ON STEEL:

5.5 Multi-gun SCORING ON CLAY & FRANGIBLE TARGETS:

6.0 PENALTIES

6.1 SCORING PENALTIES:

6.2 ADDITIONAL +5 SEC PROCEDURAL PENALTIES:

6.2.1 WRITTEN STAGE BRIEFING (WSB):

6.2.2 FOOT FAULTS:

6.2.3 NO-SHOOT (NS) TARGETS:

6.2.4 NON-SCORING TARGET

6.2.5 STAGE PROPS:

6.2.6 GROUNDED FIREARMS REUSE:

6.3 ADDITIONAL +7.5 SEC PROCEDURAL PENALTIES:

6.3.1 VISION BARRIERS:

6.3.2 CLAY PIGEONS:

6.3.3 ILLEGAL TARGET ENGAGEMENT:

6.3.4 ILLEGAL ACTIVATOR ENGAGEMENT

6.4 ADDITIONAL +10.0 SEC PROCEDURAL PENALTIES:

6.4.1 FIREARM & EQUIPMENT INSPECTIONS:

6.4.2 SLUGS ON STEEL:

6.4.3 LEAVING SHOOTING AREA:

6.4.4 COACHING:

6.4.5 GROUNDING:

6.5 ADDITIONAL +20.0 SEC PROCEDURAL PENALTIES:

6.5.1 GROUNDING LOCATION:

6.6 SHOOTING DISQUALIFICATION (DQ) PENALTIES:

6.6.1 UNSAFE GROUNDING OF FIREARMS:

6.6.2 FIREARM CONTROL:

6.6.3 BURNING:

6.6.4 NEGLIGENT DISCHARGE:

6.6.5 180-DEGREE SAFETY PLANE:

6.6.6 SWEEPING:

6.6.7 TRIGGER DISCIPLINE:

6.6.8 STEEL TARGETS:

6.6.9 CLAYS:

6.6.10 COMPLIANCE INSPECTION:

6.6.11 PRONE POSITION:

6.6.12 NINE (9' ft.) FOOT RULE:

6.6.13 DESIGNATED GROUNDING CONTAINERS:

6.6.14 MULTIPLE FIREARMS:

6.6.15 MULTI BAY STAGES:

6.6.16 MOVING VIOLATION:

6.6.17 LOADED FIREARM HANDLING:

6.6.18 SAFE AREAS:

6.7 CONDUCT DISQUALIFICATION (DQ) PENALTIES:

6.7.1 EXPECTED SHOOTER CONDUCT:

6.7.2 LOSS OF SAFETY EQUIPMENT:

6.7.3 UNSPORTSMANLIKE CONDUCT:

6.7.4 ALTERING THE COURSE OF FIRE:

6.7.5 DISRUPTIVE BEHAVIOR:

6.7.6 DRUG AND ALCOHOL POLICY:

6.7.7 MEDICAL CONDITIONS:

7.0 CHALLENGES, APPEALS & ARBITRATION

7.1 CALIBRATION OF STEEL:

7.2 INITIAL CALIBRATION:

7.3 POPPER CALIBRATION CHALLENGES:

7.4 CHECKING CALIBRATION:

7.5 CHALLENGES WITH KNOCK DOWN (KD) STEEL:

7.6 RE-SHOOTS:

7.7 RANGE EQUIPMENT FAILURE:

7.8 LOSS OF SAFETY EQUIPMENT:

7.9 UN-RESTORED TARGETS:

7.10 PROTOCOLS FOR CHALLENGES, APPEALS AND ARBITRATION:

8.0 HOLSTERS & SLINGS

8.1 HOSTER REQUIREMENTS:

8.2 SLING REQUIREMENTS:

9.0 AMMUNITION

9.1 PISTOL & RIFLE AMMUNITION REQUIREMENTS:

9.2 SHOTGUN AMMUNITION REQUIREMENTS:

10.0 FIREARMS

10.1 FIREARM SPECIFICATIONS:

10.2 LOADED FIREARMS:

10.3 COMPETITOR FIREARMS:

10.4 BINARY STYLE TRIGGERS:

10.5 SOUND SUPPRESSORS:

10.6 FIREARM MALFUNCTIONS:

11.0 WEATHER RULES

11.1 WEATHER RULES DECLARATION:

11.2 WEATHER RULES DURATION:

11.3 WEATHER RULES CORRECTIVE MEASURES:

11.4 RE-SHOOT AND RANGE EQUIPMENT FAILURE:

12.0 MULTI-GUN DIVISIONS

12.1 UNLIMITED DIVISION

12.1.1 UNLIMITED PISTOL

12.1.2 UNLIMITED RIFLE

12.1.3 UNLIMITED SHOTGUN

12.2 PRACTICAL DIVISION

12.2.1 PRACTICAL PISTOL

12.2.2 PRACTICAL RIFLE

12.2.3 PRACTICAL SHOTGUN

12.3 Unlimited Pistol-Calibre Carbine (PCC)

12.3.1 Unlimited PCC Pistol

12.3.2 Unlimited PCC Rifle

12.3.3 Unlimited PCC Shotgun

12.4 Practical Pistol-Calibre Carbine (PCC)

12.4.1 PRACTICAL PCC PISTOL

12.4.2 PRACTICAL PCC CARBINE

12.4.3 PRACTICAL PCC SHOTGUN

12.5 Unlimited Classic Semi-Auto

12.5.1 Unlimited Classic Pistol

12.5.2 Unlimited Classic Semi-Auto Rifle

12.5.3 Unlimited Classic Semi-Auto Shotgun

12.6 Practical Classic Semi-Auto

12.6.1 Practical Classic Pistol

12.6.2 Practical Classic Semi-Auto Rifle

12.6.3 Practical Classic Shotgun

12.7 Unlimited Bolt Action

12.7.1 Unlimited Bolt Action Pistol

12.7.2 Unlimited Bolt Action Rifle

12.7.3 Unlimited Bolt Action Shotgun

12.8 Practical Bolt Action

12.8.1 Practical Bolt Action Pistol

12.8.2 Practical Bolt Action Rifle

12.8.3 Practical Bolt Action Shotgun

12.9 Unlimited 2-Gun

12.9.1 Unlimited 2-Gun Pistol

12.9.2 Unlimited 2-Gun Shotgun

12.10 Practical 2-Gun

12.10.1 Practical 2-Gun Pistol

12.10.2 Practical 2-Gun Shotgun

12.11 Unlimited Rimfire

12.11.1 Unlimited Rimfire Pistol

12.11.2 Unlimited Rimfire Rifle

12.11.3 Unlimited Rimfire Shotgun

12.12 Practical Rimfire

12.12.1 Practical Rimfire Pistol

12.12.2 Practical Rimfire Rifle

12.12.3 Practical Rimfire Shotgun

12.13 Just for Fun

12.13.1 JUST FOR FUN PISTOL

12.13.2 JUST FOR FUN RIFLE

12.13.3 JUST FOR FUN SHOTGUN

1.0 SAFETY RULES

1.1 CDTSA RULES:

1.1.1 It is the competitor's responsibility to read and understand the rules set forth by CDTSA and agree to be subject to these rules while participating in any CDTSA event.

1.2 WRITTEN STAGE BRIEFING (WSB):

1.2.1 It is the competitor's responsibility to read and understand the WSB and obey any special conditions or requirements stipulated therein, any rule differences from the main rulebook shall be written in the WSB and will be the governing rules as stipulated for that particular Course of Fire (COF).

1.3 FEDERAL AND PROVINCIAL LAW:

1.3.1 It is the competitor's responsibility to know, understand and adhere to all Federal, Provincial and Local Regulations regarding the use and transportation of firearms, including all applicable Firearms Act regulations related to the construction, transportation and use of any firearm. For international competitors, this rule shall be understood to reflect adherence to the rules of the country the match is hosted in.

In the event of any disagreement between this document and the Firearms Act in regards to legal firearms, equipment, magazines, transportation regulations, et cetera, the Firearms Act will take precedence.

Example 1: A Rifle must be configured to legally be shouldered, *(i.e. an AR pistol does NOT qualify as a rifle)*.

Example 2: A Pistol must be able to be holstered and secured at the waist, *(i.e. an AR pistol does NOT qualify as a pistol)*.

1.4 COLD RANGE:

1.4.1 All CDTSA Produced Events will be run on a COLD RANGE.

Definition: When the condition of the firing range requires all firearms to remain unloaded at the event site except under the direct supervision of an **Range Officer (RO)**.

1.5 CHAMBER SAFETY FLAGS:

1.5.1 All CDTSA Produced and sanctioned events encourage the use of chamber safety flags to visually indicate the safe condition of a firearm.

1.5.2 Chamber safety flags are encouraged for all carried, slung, cased or uncased firearms, unless holstered, or under the direct supervision of a **Range Officer (RO)**.

Note: Staged and pre-loaded shotguns must have a chamber safety flags inserted.

1.6 FIREARM DESIGNATED CONTAINERS:

1.6.1 All designated grounding containers **MUST** be a stable object, such as a table or designated grounding box, to prevent loss of control of the firearm during the abandon and grounding process.

1.7 SAFE AREAS:

1.7.1 When available, Safe Areas will be clearly marked with signs and unloaded firearms may be handled and or displayed in Safe Areas only.

Note 1: Loaded firearms and loaded magazines cannot be handled in the Safe Area

Note 2: Live ammunition and dummy/inert ammunition cannot be handled in the Safe Area.

Exception: Closed or sealed boxes of ammo can be handled.

Note 3: Violation of this rule will result in a **Match Disqualification (DQ)**.

1.8 TRANSPORTING FIREARMS: (To and from vehicles or between stages)

1.8.1 Pistols must be transported from vehicles or between stages cased with slide forward on a chamber safety flag or remain holstered.

1.8.2 Long Guns must be transported with the bolt closed on a chamber safety flag, detachable magazines must be removed and magazine tubes unloaded.

1.8.3 Long Guns must be cased **OR** if hand carried or slung, the muzzle must be pointed up.

1.8.3.1 Using a cart where the muzzles are pointed upward are permitted, however, carts that are designed to point muzzles downward are strongly encouraged.

Note: The **ONLY** time a long gun may not have a chamber safety flag inserted is after the "Make Ready" command or in a Safe Area.

1.9 MOVEMENT:

1.9.1 Rearward (uprange) movement is not permitted, except where explicitly allowed by a WSB.

2.0 RANGE COMMANDS & SHOOTING POSITIONS

2.1 COURSE OF FIRE:

2.1.1 The Course of Fire (COF) begins with the **"MAKE READY"** command and ends after the command **"RANGE IS CLEAR"**.

Note: The most powerful command on the range is:

2.2 "STOP!":

2.2.1 The **"STOP"** command may be issued by any RO assigned to the stage at any time during the COF.

2.2.2 The competitor must immediately cease firing, stop moving and wait for further instructions from the RO.

Note: This command means the RO has determined something occurred that requires all shooting to cease.

2.3 "MAKE READY":

2.3.1 The **"MAKE READY"** command signals the official start of the COF, and everything moving forward must be done under an RO's direct supervision.

2.3.2 When multiple firearms will be used during a COF, the RO will direct the competitor through the preparation of all firearms starting at the most downrange set up station, moving back as necessary, ending at the start position. The competitor will then assume their start position.

2.3.3 A competitor may elect not to use a certain firearm(s) on a stage, which is legal so long as the targets presented in the COF may be legally engaged with the firearm(s) the competitor has chosen to use, and if the WSB permits it.

2.3.3.1 If the WSB stipulates starting with a particular firearm, the WSB must be followed and that specific firearm be used at the start of the COF.

2.4 "ARE YOU READY?":

2.4.1 The **"ARE YOU READY?"** command will be issued by the RO after the competitor has settled into their starting position.

2.4.2 There is **NO** response necessary from the competitor to proceed after this command if they are ready.

2.4.3 If the competitor is not ready, they must indicate as such. If they indicate they are not ready, the RO will pause, and then repeat the command **"ARE YOU READY?"**

2.5 “STAND BY”:

2.5.1 The RO will give the “**STAND BY**” command and activate the start timer initiating the COF within one to four (**1-4 sec**) seconds following no response from the competitor.

2.6 “IF YOU ARE FINISHED, UNLOAD AND SHOW CLEAR”:

2.6.1 When the competitor has finished shooting, the RO will give the command, “**IF YOU ARE FINISHED, UNLOAD AND SHOW CLEAR**”.

2.6.2 If they are finished, the competitor **MUST** lower their firearm and present it for inspection by the RO with the muzzle pointed down range, magazine removed or tube emptied, slide/bolt locked or held open and the chamber empty.

Note: If the firearm has been grounded, the competitor must keep the muzzle pointed down and in the container while unloading and clearing the firearm(s).

2.7 “IF CLEAR, HAMMER DOWN”:

Once the RO has inspected the firearm, one of the following commands shall be issued.

2.7.1 Pistol: “IF CLEAR, HAMMER DOWN, HOLSTER”

2.7.2 Rifle and Shotgun: “IF CLEAR, HAMMER DOWN, FLAG”

2.7.2.1 The RO will then accompany and instruct the competitor to safely unload all other firearms that were used in the COF.

Note: After the “**IF CLEAR, HAMMER DOWN, HOLSTER or FLAG**” command is given, it is the responsibility of the competitor to retrieve all firearms, confirm they are clear and reholster or insert required chamber safety flag(s).

2.7.3 The RO can assign the unloading duty to designated competitor(s).

2.7.3.1 If assigned, the designee(s) must keep the muzzle pointed down and in the designated grounding container while unloading the firearm(s).

Note: The designee will only unload the firearm and will **NOT** clear the firearm or insert a chamber flag.

2.7.3.2 All firearms must remain in the designated grounding container when designee(s) are finished unloading.

2.7.4: A cartridge detonation which occurs while unloading a firearm is not considered a shot or discharge and will **NOT** result in a DQ.

Definition: Ignition of the primer of a round, other than by the action of a firing pin, where the bullet or shot does not pass completely through the barrel (***i.e. when a slide is being manually retracted or when a round is dropped***).

2.8 “RANGE IS CLEAR”:

2.8.1 The “**RANGE IS CLEAR**” command **CAN** only be issued after the competitor and the RO have cleared all firearms.

2.8.2 Once this command is given, it indicates the official end of the COF and officials and competitors may then move down range to score, paste and restore targets.

2.9 RANGE OFFICER RECUSAL CLAUSE:

Definition: To remove oneself as a Range Official over a particular call or judgement because of one's conflict of interest.

2.9.1 An RO must recuse themselves from operating the timer and making any arbitration or disqualification calls.

2.9.2 The competitor may request a different RO run the timer on their COF than the RO tasked as such at that particular time.

2.10 ADDITIONAL VERBAL SAFETY WARNINGS:

2.10.1 "FINGER": This verbal warning may be issued anytime in the COF before stopping a competitor for a trigger discipline violation.

2.10.1.1 The competitor's fingers must be visibly outside the trigger guard when loading, reloading or unloading during a COF and while clearing a malfunction.

2.10.2 "MUZZLE": This verbal warning may be repeated at different locations in the COF as needed when the competitor's muzzle approaches the 180-Degree Safety Plane.

2.10.3 "FOOT": This verbal warning may be repeated at different locations in the COF as needed ONLY when a competitor is touching an **ELEVATED** rope fault line.

Note: Foot fault penalties will be assessed **WITHOUT** verbal warnings for any shots fired while any part of a competitor's body touches the ground beyond a shooting box or ground fault line and when a competitor gains support or stability through contact with anything not within or attached to a shooting box or ground fault line.

Exception: Foot faults on **ELEVATED** or **GROUND** fault lines will **NOT** be assessed while the competitor is in the prone position as long as the competitor's body is inside the shooting area from the knees up.

2.11 START POSITIONS:

WSBs may require the "Start Position" to be standing, sitting, kneeling, prone or dictated otherwise.

Note 1: The WSB can also stipulate which firearm the COF will start with.

Note 2: A COF will never require or allow a competitor to touch or hold ammunition or a firearm loading device after the "Standby" command and before the "Start Signal" except for unavoidable casual contact with the lower arms.

2.11.1 PISTOL: Unless otherwise specified in the WSB, the competitor must stand erect, facing downrange, with arms hanging naturally at the sides. The "Stage Ready Condition" for all Pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the WSB.

Multi-gun: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, and the chamber empty.

2.11.2 PORT ARMS LONG GUN: Standing erect and relaxed, with the long gun held diagonally in front of the body, held with both hands, safety engaged, strong hand on grip, support hand on forearm, buttstock touching the competitor's belt at hip level, muzzle angled upward, loading port and/or magwell facing downward, finger out of the trigger guard. The "Stage Ready Condition" for all long guns shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

2.11.3 LOW READY LONG GUN: Standing erect and relaxed, long gun mounted to the shoulder, safety engaged, loading port and / or magwell facing downward, muzzle lowered from aiming at targets or aimed specifically at a designated low ready marker. The "Stage Ready Condition" for all long guns shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

Note: The WSB can stipulate the shooting position and/or style for any firearm including strong side, support side or a combination of either.

2.12 SHOOTING POSITIONS:

2.12.1 PRONE: Is defined as, a body position in which the competitor lies flat with their chest down and their back up in a supported shooting position.

Note 1: Having a holstered pistol with a live round in the chamber while in the prone position at any point in the COF will result in a match DQ.

Note 2: This also includes prone at the start position.

2.12.1.1 Re-inserting a loaded pistol magazine with an empty chamber IS allowed.

Exception: Foot faults on **ELEVATED** or **GROUND** fault lines will **NOT** be assessed while the competitor is in the prone position as long as the competitor's body is inside the shooting area from the knees up.

2.11.2 SUPPORTED: Is defined as, when any part of the competitor's body and or firearm touches, rests or comes in contact with the ground or any stage prop or object while engaging targets during the COF.

Note: Shooting prone and from a barricade is considered a supported position.

2.12.3 BARRICADE: When stipulated in the WSB, official CDTSA Barricades or other designated structures may be used by the competitor to shoot from the "Prone" or "Supported" positions without penalty.

2.12.3.1 Any shots fired in the prone position from the barricade that do not pass through the low port will **NOT** count for score or target engagement.

2.12.4 UNSUPPORTED (OFF HAND): Is defined as, when any part of the competitor's body and or firearm does not touch, rest or come in contact with the ground, any stage prop or object while engaging targets during the COF.

Note: The WSB can stipulate the shooting position and/or style for any firearm including strong side, support side or a combination of either.

2.13 STIPULATED SHOOTING STYLES:

2.13.1 SUPPORT SIDE: Is defined as, meeting the definition of ([Rule 2.12.4](#)) and restricted to the use of support side only.

Pistol: When stipulated in the WSB the pistol **MUST** be fired with the support hand only.

Exemption: Pistol malfunctions and reloads can be cleared and performed with both hands.

Long Guns: When stipulated in the WSB the long gun **MUST** be shouldered from the support side and fired from the support hand only. The strong hand is allowed to contact the firearm provided it's shouldered and fired from the support side and hand.

Example: The support side of a right handed competitor is the left shoulder and hand.

2.13.2 STRONG SIDE: Is defined as, meeting the definition of ([Rule 2.12.4](#)) and restricted to the use of strong side only.

Pistol: When stipulated in the WSB the pistol **MUST** be fired with the strong hand only.

Exemption: Pistol malfunctions and reloads can be cleared and performed with both hands.

Long Guns: When stipulated in the WSB the long gun **MUST** be shouldered from the strong side and fired from the strong hand only. The support hand is allowed to contact the firearm provided it's shouldered and fired from the support side and hand.

Example: The strong side of a right handed competitor is the right shoulder and hand.

2.13.3 FREESTYLE: Is defined as, meeting the definition of ([Rule 2.12.4](#)) and allows the use of strong side, support side or a combination of either.

3.0 ABANDONING & GROUNDING FIREARMS

3.1 ABANDONED FIREARM:

Is defined as, any firearm left in any location or condition **BEFORE** another firearm is discharged.

3.1.1 Competitors can retrieve and reuse abandoned firearms to re-engage targets without penalty.

3.1.2 All 180-Degree rules apply and the competitor must be safely behind the firearm while handling or reusing abandoned firearms.

Note 1: An abandoned firearm breaking the 180-Degree safety plane **WILL** result in a match DQ.

Note 2: All long guns must be inserted into designated grounding containers muzzle down or a match DQ **WILL** be issued.

3.2 GROUNDED FIREARM:

Is defined as, any firearm left in any location or condition **AFTER** another firearm is discharged.

3.2.1 Designated containers designed to ground specific firearms **MUST** be made available on each COF.

3.2.2 Pistols **MUST** be grounded in small designated pistol containers only or safely re-holstered.

3.2.3 Long Guns **MUST** be grounded in large designated long gun containers only.

3.2.4 Competitors **CAN** abandon or ground two (2) long guns in the same container.

3.2.5 Competitors **CANNOT** start the COF with more than one (1) long gun in the same container, unless permitted by the WSB.

Note 1: Competitors **CAN** retrieve and reuse grounded firearms to re-engage targets, but this action will result in a **+5 sec** penalty per occurrence.

Note 2: If a pistol or long gun is grounded in the incorrect container or incorrect location, penalties or a match DQ **WILL** apply.

Note 3: All long guns must be inserted into designated grounding containers muzzle down or a match DQ **WILL** be issued.

3.3 RE-HOLSTERING:

A COF will never require a competitor to re-holster a pistol after the start signal.

3.3.1 Competitors **CANNOT** re-holster their pistol per current safety rules.

3.3.2: Any COF with optional pistol targets **MUST** have a small designated pistol container made available for abandoning and grounding the pistol.

3.3.3: When clearing the firearm at the end of the COF, any round(s) that are found **INADVERTENTLY** left touching a firearm do not constitute a loaded chamber.

Example: A live round that has been caught in the ejection port, or “Stove Piped” or a loose live round in the mag well.

3.4 GROUNDED SAFETY CONDITIONS:

Unless stipulated in the WSB there are only two (2) acceptable methods to safely abandon and ground a firearm.

3.4.1 SAFETY CONDITION 1: LOADED WITH SAFETY ENGAGED

3.4.1.1 Any manual safety **MUST** be “Operational” and **MUST** be engaged to satisfy the “Loaded with Safety Engaged” condition, regardless of a “Passive Safety”.

Definition 1: “Operational” Is defined as, when the safety mechanism operates correctly as intended and must not be altered or disabled in a way that while not being handled, the safety features can no longer prevent the firearm from discharging.

3.4.1.2 Any firearm without a manual safety **MUST** have a “Passive Safety” in an “Operational” condition to satisfy the “Loaded with Safety Engaged” condition.

Definition 2: “Passive Safety” Is defined as, a safety that engages automatically and disables the striker or firing pin from moving or discharging while not being handled.

Exception: Grip activated (*i.e.* 1911 & 2011) safeties and hinge style trigger shoe (*i.e.* Glock & M&P) safeties DO NOT meet the requirements of ([Rule 3.4.1.2](#)) or the definition of “Passive Safety”.

3.4.1.3 If a firearm only contains a de-cocking lever or button, it **MUST** be engaged and the hammer, striker or firing mechanism must be fully de-cocked to satisfy the “Loaded with Safety Engaged” condition.

3.4.2 SAFETY CONDITION 2: EMPTY CHAMBER

3.4.2.1 Empty chamber, with no live rounds in the feed tube or the magazine removed.

3.4.2.2 Empty chamber, slide/bolt locked open with loaded feed tube or loaded magazine inserted.

3.4.2.3 Empty chamber, slide/bolt forward with a loaded feed tube or loaded magazine inserted.

Exception 1: A malfunction or double feed where there is no cartridge fully seated in the chamber will **NOT** be considered loaded.

Exception 2: Any spent case or hull left in the chamber will **NOT** be considered loaded.

4.0 TARGETS

These are the only legal targets for specific firearms, loads or projectiles. Shooting at a target with ammunition that is prohibited for use with that target type will **NOT** count for score or target engagement, and unless re-engaged with legal ammunition, the competitor **WILL** receive all applicable MOT and FTE penalties.

4.1 PISTOL TARGETS:

4.1.1 Steel or paper targets designated as permitted pistol targets.

4.2 CLAY & FRANGIBLE TARGETS:

4.2.1 Clay Pigeon/Frangible targets, steel targets categorized by color, size or shape stipulated in the WSB as optional or Birdshot only targets.

Note: Shooting a paper target with birdshot will **NOT** count for score or target engagement. If a paper target is shot with birdshot and **NOT** re-engaged with legal ammunition, the competitor **WILL** receive all applicable MOT and FTE penalties.

4.3 SHOTGUN SLUGS:

4.3.1 Steel or paper targets designated as permitted slug targets.

4.4 RIFLE TARGETS:

4.4.1 Steel or paper targets designated as permitted rifle targets.

4.5 WSB OPTION:

4.5.1 The WSB **CAN** also stipulate certain targets that **CAN** or **CANNOT** be engaged with multiple firearms as an available option.

5.0 MATCH SCORING

5.1 MATCH SCORING:

5.1.1 CDTSA match scoring per COF will be total time with penalties.

Note 1: All CDTSA matches may be scored total time with penalties or total stage points.

5.1.2 The lowest total match time including all penalties will determine the winner of the match, division, class, category and the overall order of finish.

Note: If issued a **DQ** the competitor will not be allowed to continue in the event, and will receive no score.

5.1.3: Maximum par time for each COF may be stipulated in the WSB. If par time has expired on a COF, it will be scored as shot including all applicable hits and penalties.

5.1.3.1: Competitors are allowed a +0.30 sec over par shot allowance.

Example 1: With a 90 sec COF par time any shot recorded at or under 90.30 **WILL** count for score.

Example 2: With a 90 sec COF par time any shot recorded at or over 90.31 will **NOT** count for score or target engagement.

5.2: MULTI-GUN SCORING ON PAPER SHOOT TARGETS:

5.2.1 All paper targets must be engaged with the firearm(s) specified in the WSB.

5.2.2 All paper targets require the number of hits specified in the WSB.. The hit or hits only need to touch or break the perforation to avoid penalty.

5.2.3 When a shot passes through any paper target, then continues on to hit another target(s), all hit targets will be counted for score and or penalty.

Exception 1: Only **ONE (1)** slug hit minimum on paper anywhere inside the border perforation is required for score. The hit only needs to touch or break the border perforation to avoid penalty.

5.2.4 Only holes in paper Shoot targets or No-Shoot targets made by bullets, buckshot pellets or slugs will count for score.

5.2.5 Evidence of the actual bullet, buckshot pellet or slug hole must be present on the target with a crown or grease ring marks on the hole.

Note 1: If a paper target(s) is determined to be non-scoring due to a birdshot pattern that has removed clear evidence of slug, buckshot or bullet holes, the target will be scored and all applicable penalties will apply.

Note 2: Holes in paper targets made by wads, birdshot, shrapnel, bullet fragments or flying debris will not count for score or engagement.

5.3 MULTI-GUN SCORING ON PAPER NO-SHOOT TARGETS:

5.3.1 The white back side of paper targets **CAN** be used as a No-Shoot target.

5.3.2 When a shot passes through a No-Shoot target, then continues on to hit another target(s), all hit targets will be counted for score and or penalty.

Note: Holes in paper targets made by wads, birdshot, shrapnel, bullet fragments or flying debris will not count for score or engagement.

5.3.3 Knock Down (KD) style steel plates, steel poppers or static steel plates **CAN** be designated and used as No-Shoot targets.

5.3.4 Steel No-Shoot targets **MUST** be specified in the WSB.

5.3.5 Steel No-Shoots **MUST** fall to score or if static **MUST** be painted as necessary to verify hit(s).

5.4 MULTI-GUN SCORING ON STEEL:

5.4.1 Steel Poppers **MUST** fall to score.

5.4.2 All static steel **MUST** visibly indicate impact(s) or be verbally called for hits to count for score.

5.4.3 If a designated steel KD plate is determined to have been struck by a single pistol or single rifle projectile and has turned or moved from its original set location and does not fall, the target will be considered scored as hit.

5.4.4 All designated steel KD plates engaged with birdshot **MUST** fall to score.

Note 1: All steel should be painted between squads regardless of weather conditions and static steel **MUST** be painted as necessary to verify and call hit(s)

Note 2: Designated steel KD plates are **NOT** subject to calibration.

5.4.5 If a projectile fired by a firearm other than a shotgun fragments or ricochets and then strikes and knocks down a steel target, the target(s) will be considered scored as hit.

5.4.6 If a steel target falls from the stand while being engaged the target will be considered scored as hit.

5.5 Multi-gun SCORING ON CLAY & FRANGIBLE TARGETS:

5.5.1 Only evidence of penetration by at least one pellet, or bullet, and showing light through a visible hole constitutes a "Broken Clay".

5.5.2 If a projectile fired by a firearm other than a shotgun, fragments or ricochets and then strikes and breaks a clay target, the target(s) will be considered scored as hit.

5.5.3 If a clay target falls from the stand while being engaged but does not break, the target will be considered scored as hit.

6.0 PENALTIES

Penalties are actions that equate to additional time added to the score based on the severity of the action.

If issued a **DQ** the competitor will not be allowed to continue in the event, will not be eligible for prizes and will receive no score.

Note 1: Safety violations will **NOT** be subject to arbitration.

Note 2: If discrepancies arise prior to the time that the final event scores are posted, CDTSA will, with notification, take whatever steps necessary to remedy and correct the problem.

Example: Problems include, but are not limited to re-shoots, mathematical errors, faulty timers etc.

Note 3: All DQs must be finalized either by the Range Master (RM) or the Match Director (MD) only.

Note 4: Any overturning of a DQ shall be finalized by both the RM and the MD.

6.1 SCORING PENALTIES:

6.1.1 Any Aerial clay target missed **+2.5 sec**

6.1.2 Single Hit on Target (SHT)-Single hit on paper outside the center ring at **ANY** distance **+2.5 sec**

6.1.3 Miss on Target (MOT)-Less than 40 yards (1-39yds) No Hits on Paper, Steel left standing, Clay unbroken **+5 sec**

6.1.4 Miss on Target (MOT)-40 yards or greater (40-99yds) Steel left standing, Clay not broken **+7.5 sec**

6.1.5 Miss on Target (MOT)-100 yards or greater (100+yds) Steel Left Standing or No Called Hit **+10 sec**

6.1.6 Failure to Engage (FTE)-any target less than 100 yards (1-99yds) **+2.5 sec**

6.1.7 Failure to Engage (FTE)-any target 100 yards or greater (100+yds) **+5 sec**

Definition: A Failure to Engage (FTE) is defined as, when a competitor does not fire upon a specific legal target on the COF.

Note 1: Shooting in the general direction of a target, shooting over or under obstructions that targets are behind or through see through walls and or barriers, does not constitute "Engaging a Target".

Note 2: All walls, barriers or constructed obstacles are deemed to extend from the ground up to infinity, and are considered to be impenetrable hardcover unless written in the WSB.

6.2 ADDITIONAL +5 SEC PROCEDURAL PENALTIES:

6.2.1 WRITTEN STAGE BRIEFING (WSB):

6.2.1.1 A **+5 sec** penalty will be issued for failing to follow specific stage procedures per the WSB.

Example: Including but not limited to: Start positions, firearm conditions, and other key stage details.

6.2.2 FOOT FAULTS:

6.2.2.1 A **+5 sec** penalty will be assessed for any shot fired while any part of a competitor's body touches the ground beyond a Shooting Box or a Fault Line, or when a competitor gains support or stability through contact with anything not within or attached to a Shooting Box or Fault Line.

Note 1: If the RO determines **NO** advantage was gained, a single penalty will be assessed per occurrence.

Note 2: If the RO determines that advantage **WAS** gained, a penalty will be assessed per shot fired while faulting.

6.2.2.2: The RO **MUST** issue a verbal warning before assessing foot faults penalties **ONLY** when a competitor is touching an **ELEVATED** rope fault line.

6.2.2.3: A competitor can only earn a maximum of four (4) **ELEVATED** rope foot fault penalties (**+20 sec max**) per COF.

Note: Any shots fired under or supported by an **ELEVATED** fault line will **NOT** count for score or target engagement.

Exception: Foot faults on **ELEVATED** or **GROUND** fault lines will **NOT** be assessed while the competitor is in the prone position as long as the competitor's body is inside the shooting area from the knees up.

6.2.3 NO-SHOOT (NS) TARGETS:

6.2.3.1 A **+5 sec** penalty will be assessed for each hit(s) on an No-Shoot (NS) target.

6.2.4 NON-SCORING TARGET

6.2.4.1 If a paper target(s) is determined to be non-scoring due to a birdshot pattern that has removed clear evidence of slug, buckshot or bullet holes, the target will be scored as a MOT **+5 sec** only per target(s) in question.

6.2.4.2 No additional FTE penalties will be assessed.

6.2.5 STAGE PROPS:

Designated grounding containers and staging tables are not props or supporting devices.

6.2.5.1 A **+5 sec** per shot penalty will be assessed for any competitor that uses a dedicated pistol or long gun grounding container, staging table or structure within or attached to the shooting area to support their pistol or long gun.

Note: When stipulated in the WSB, official CDTSA Barricades or other designated structures may be used by the competitor to shoot from the "Prone" or "Supported" positions without penalty.

6.2.6 GROUNDED FIREARMS REUSE:

6.2.6.1 A **+5 sec** penalty per occurrence will be assessed to competitors that retrieve and reuse **GROUNDED** firearms to re-engage targets.

Example: If a competitor abandons their shotgun then picks up & fires a rifle, that action grounds the abandoned shotgun. If that same competitor abandons said rifle, retrieves and fires

the now grounded shotgun, they would receive a penalty for that occurrence. One penalty would apply and the stage would be scored as shot.

Note: There is no new target engagement penalties tied to this rule

6.3 ADDITIONAL +7.5 SEC PROCEDURAL PENALTIES:

6.3.1 VISION BARRIERS:

6.3.1.1 Firing a shot(s) through a vision barrier or under or over a prop to engage a target will result in one **MOT +5 sec**, and one **FTE +2.5 sec (+7.5 sec total)** for each frangible or knock down target that **CANNOT** legally be re-engaged.

Exception: Any paper targets may legally be re-engaged without assessing any penalties.

Note 1: Shooting in the general direction of a target, shooting over or under obstructions that targets are behind or through see through walls and or barriers, does not constitute "engaging a target".

Note 2: All walls, barriers or constructed obstacles are deemed to extend from the ground up to infinity, and are considered to be impenetrable hardcover unless written in the WSB.

Exception: Unless shooting under or over a prop **IS** allowed per the WSB

6.3.2 CLAY PIGEONS:

6.3.2.1 Engaging a clay pigeon with anything other than birdshot shall result in **one MOT +5 sec**, and **one FTE +2.5 sec (+7.5 sec total)** for each frangible target that **CANNOT** legally be re-engaged, unless otherwise specified in the WSB.

6.3.3 ILLEGAL TARGET ENGAGEMENT:

6.3.3.1 Shooting at a specific target with ammunition that is prohibited for use with that target type will **NOT** count for score or target engagement, and unless remedied, shall result in one **MOT +5 sec**, and **one FTE +2.5 sec (+7.5 sec total)** for each target that **CANNOT** legally be re-engaged.

Note 1: Shooting a paper target with birdshot will **NOT** count for score or target engagement. If a paper target is shot with birdshot and **NOT** re-engaged with legal ammunition, the competitor **WILL** receive all applicable MOT and FTE penalties.

6.3.4 ILLEGAL ACTIVATOR ENGAGEMENT

6.3.4.1 When specified in the WSB that an activator target or activation method must be engaged or initiated prior to engaging subsequent specific targets, failure to do so is an illegal action. Each target illegally engaged prior to activation will receive a 7.5 second procedural penalty, up to a maximum of five (5) individual procedural penalties.

Example: The Swinger on a stage has (2) clay birds and (2) steel targets, the swinger activates by shooting the 42" popper to the left. A shooter during their C.O.F. shoots the (2) clay birds with the shotgun, then grounds the shotgun and then shoots the 42" popper with their pistol, which activates the swinger and then shoots the (2) steel targets on the swinger. The shooter will be assessed (2) procedurals for a total of 15 sec, for shooting the (2) clay birds prior to activating the swinger.

6.4 ADDITIONAL +10.0 SEC PROCEDURAL PENALTIES:

6.4.1 FIREARM & EQUIPMENT INSPECTIONS:

6.4.1.1 ROs may conduct firearm and equipment inspections any time.

6.4.1.2 ROs may conduct random inspections of pre-loaded shotguns to ensure the competitor has no more than nine (9) shells total loaded in the shotgun.

Exception: All Unlimited divisions are exempt from this rule.

6.4.1.3 Upon request, a competitor must unload their shotgun so an audit of the number of shells pre-loaded can be counted.

6.4.1.4 This inspection must be conducted before the competitor has stepped to the line and the "Make Ready" command has been issued.

6.4.1.4 Violation will result in a penalty of **+10 sec**

Note: Refusal to submit to a firearm equipment compliance inspection or to a pre-loaded shotgun inspection will result in a match DQ.

6.4.2 SLUGS ON STEEL:

6.4.2.1 A **+10 sec** will be assessed for shooting any steel targets **NOT** categorized by color, size or shape and stipulated in the WSB as optional or Slug only targets.

6.4.2.2 The target will be scored as shot and no additional penalties assessed.

Note: If the target is damaged or destroyed the competitor will be required to pay and/or replace the damaged target.

6.4.3 LEAVING SHOOTING AREA:

6.4.3.1 All Competitors **MUST** remain inside the **ELEVATED** rope fault lines and **GROUND** fault line area unless allowed in the WSB.

6.4.3.2 A **+10 sec** penalty per occurrence will be assessed for leaving an **ELEVATED** rope fault line or **GROUND** fault line area and re-entering at a different location to create a shortcut.

Exception: A competitor who leaves and re-enters the shooting area in the same location without creating a shortcut will have no additional penalties assessed.

6.4.4 COACHING:

6.4.4.1 A **+10 sec** penalty **CAN** be assessed for any competitor who provides or receives coaching by another shooter or spectator during a COF.

Examples: Including, but not limited to calling out target directions, spotting information, missed targets, shooting instructions etc.

6.4.4.2 If the individual providing the coaching is not a competitor, the RO shall have HAS the discretion to remove the non-competitor from the COF.

Exception: Coaching will be allowed during all CDTSA designated team matches.

6.4.5 GROUNDING:

6.4.5.1 A **+10 sec** penalty will be assessed for grounding a firearm in the correct designated container or correct location with a loaded chamber and the primary safety not engaged.

6.5 ADDITIONAL +20.0 SEC PROCEDURAL PENALTIES:

6.5.1 GROUNDING LOCATION:

6.5.1.1 A **+20 sec** penalty will be assessed for grounding a firearm in an incorrect container or incorrect location while not moving downrange of the firearm, regardless of the primary safety or chamber condition.

Exception: If the firearm was never handled during the COF, left in the original stipulated start location and the competitor did **NOT** move downrange of the firearm, there will be no penalty assessed.

6.6 SHOOTING DISQUALIFICATION (DQ) PENALTIES:

6.6.1 UNSAFE GROUNDING OF FIREARMS:

6.6.1.1 Grounding any firearm in the incorrect container or incorrect location and then moving downrange of the firearm regardless of primary safety or chamber condition will result in a match DQ.

6.6.1.2 Grounding or abandoning any firearm in the incorrect container or incorrect location and the muzzle of the firearm has broken the 180-degree safety plane will result in a match DQ.

6.6.2 FIREARM CONTROL:

6.6.2.1 A competitor that drops or loses control of a firearm, whether loaded or unloaded, at any time after the **"Make Ready"** command and before the **"Range is Clear"** command is issued will receive a match DQ.

Note: This includes any firearm, loaded or unloaded, that falls to the ground after being abandoned or grounded during the COF.

Exception: Dropping an unloaded firearm before the **"Make Ready"** command or after the **"Range is Clear"** command will not result in disqualification provided the firearm is retrieved and verified safe by an Range Official only.

Example: Range Officials can include Match Director, Range Master and Range Officers.

6.6.3 BURNING:

6.6.3.1 Discharging or "Burning" the last round(s) to empty the chamber is allowed, but the firearm **MUST** be discharged at a legal target or in a safe direction impacting a berm or backstop.

6.6.3.2 Long guns **MUST** be shouldered while "Burning" any round(s) in a direction other than a legal target.

6.6.3.3 A violation of this rule is considered an unsafe action and will result in a match DQ.

6.6.4 NEGLIGENT DISCHARGE:

6.6.4.1 A negligent discharge that occurs while loading, reloading, unloading, while transitioning a long gun off or back to the shoulder, during malfunction and remedial action, clearing a

firearm, transferring a firearm between hands, or during movement (**except while shooting at legitimate targets**) will result in a match DQ.

Definition: An unintentional shot (**including a slam-fire**) which travels over a backstop, a berm, or impacts anything deemed by the event organizers to be unsafe.

Note: In the case of a negligent discharge, the RO will stop the competitor as soon as safely possible.

Exception: A competitor who fires a shot at a legitimate target, which impacts and travels in an unsafe direction, through ricochet or bounce will **NOT** result in a match DQ.

6.6.5 180-DEGREE SAFETY PLANE:

6.6.5.1 A competitor that allows the muzzle of a firearm to break the 180-Degree Safety Plane will be issued a match DQ.

Exception: Except with a pistol while holstered, drawing and reholstering.

Definition: The 180-Degree safety plane is defined by an arc both horizontal and vertical that is created when the competitor is standing facing squarely downrange and parallel to, the designated backstop used on the bay to define the 180-Degree safety line on that particular stage.

Note: Any position where the muzzle points back towards the mouth of the bay past the designated 180-Degree safety line is a violation of this rule and considered an unsafe action.

6.6.6 SWEEPING:

6.6.6.1 A competitor that allows the muzzle of a firearm to sweep over or past one's self including but not limited to their hands, fingers, legs and feet while moving, shooting or reloading a firearm will be issued a match DQ.

Definition: Sweeping is defined as, allowing the muzzle of the firearm (**loaded or unloaded**) to cross or cover any portion of a person or an object a person might reasonably be assumed to occupy, such as a car, portable toilet, or structure that is not a prop within the current stage.

6.6.7 TRIGGER DISCIPLINE:

6.6.7.1 The competitor's fingers must be visibly outside the trigger guard when moving, loading, reloading or unloading during a COF and while clearing a malfunction. Failure to comply with any Verbal Warnings will result in a Match DQ.

Exception: When actually aiming or shooting at targets or while complying with the "Make Ready" command to lower the hammer of a pistol without a de-cocking lever.

6.6.8 STEEL TARGETS:

6.6.8.1 Engaging any steel target with a **RIFLE** not specifically designated as rifle optional or a rifle only target in the WSB is considered an unsafe action and will result in a match DQ.

6.6.9 CLAYS:

6.6.9.1 Engaging any aerial clay(s) with anything other than birdshot will result in a match DQ.

6.6.10 COMPLIANCE INSPECTION:

6.6.10.1 Refusal to submit to an equipment compliance inspection or to a pre-loaded shotgun inspection will result in a match DQ.

6.6.11 PRONE POSITION:

6.6.11.1 Having a holstered pistol with a live round in the chamber while in the prone position at any point in the COF will result in a match DQ.

Note 1: This includes prone at the start position or after re-holstering during the COF.

Note 2: Re-inserting a loaded pistol magazine with an empty chamber is allowed.

6.6.12 NINE (9' ft.) FOOT RULE:

6.6.12.1 A confirmed shot striking the ground less than 9' feet (3yds) from the competitor is considered a safety violation and will result in a match DQ.

6.6.12.2 After being stopped, the competitor's position will be marked as well as the impact point noted.

6.6.12.3 No one will be allowed to walk the stage or the area where the violation occurred until a ruling is made.

6.6.12.4 In the case of a shot hitting a prop, if the Range Officer determines that the bullet or shot would have struck the ground within 9' feet of the competitor had it not been deflected or stopped by a prop it would fall under the 9' foot rule.

Exception: A bullet or shot which impacts the ground within 9' feet (3yds) of the competitor due to a "squib" shall not be subject to penalty or when shooting at a legal target that is closer than 9' feet (3yds) from the competitor.

6.6.13 DESIGNATED GROUNDING CONTAINERS:

6.6.13.1 Discharging a round into or through a designated grounding container while abandoning a firearm will result in a match DQ.

6.6.13.2 Discharging a round into or through a designated grounding container while it already contains a staged, abandoned or grounded firearm will result in a match DQ.

Definition: The term "Discharging" means that the competitor has fired a projectile (*i.e. bullet, pellet or slug*) into or through a designated grounding container.

Note 1: All designated grounding containers **MUST** be a stable object, such as a table or designated grounding box, to prevent loss of control of the firearm during the abandon and grounding process.

6.6.14 MULTIPLE FIREARMS:

6.6.14.1 During a COF a competitor can handle and move with two (2) firearms at the same time.

6.6.14.2 While handling two (2) firearms, neither firearm may be discharged until one is safely abandoned or reholstered.

6.6.14.3 A violation of this rule will result in a match DQ.

Note: All current safety rules apply when handling and moving with two (2) firearms at the same time.

Exception 1: When a long gun is grounded in a designated container, and the grounded firearm obscures the presentation of a legal target creating an unsafe situation, the competitor may push the firearm to a safer position and **THEN** continue shooting without penalty.

Exception 2: If the condition or target presentation cannot be remedied, the MD or RM must be called to address and restore the COF.

Note: If the COF is officially altered a re-shoot will be required.

6.6.15 MULTI BAY STAGES:

6.6.15.1 During a COF that connects multiple bays, a competitor is **NOT** allowed to enter and exit a bay with a drawn pistol or loaded long gun.

6.6.15.2 A violation of this rule will result in a match DQ.

Exception: Unless it is specifically allowed in the WSB.

6.6.16 MOVING VIOLATION:

6.6.16.1 Moving under or over any walls or props is strictly forbidden and is considered a safety violation.

6.6.16.2 A violation of this rule will result in a match DQ.

Exception: Unless it is specifically allowed in the WSB.

6.6.17 LOADED FIREARM HANDLING:

6.6.17.1 A competitor suspected of handling a loaded firearm while not under the direct supervision of a RO can be escorted to a safe area to check the condition of the firearm.

6.6.17.2 If the suspected firearm is found to be loaded, the competitor will be issued a match DQ.

Exception: Shotgun pre-loading under the supervision of the RO, or a designee of the RO, at the beginning of the COF is exempt.

6.6.18 SAFE AREAS:

6.6.18.1 When available, Safe Areas will be clearly marked with signs and unloaded firearms may be handled and or displayed in Safe Areas only.

6.6.18.2 Loaded firearms and loaded magazines cannot be handled in the Safe Area

6.6.18.3 Live ammunition and dummy/inert ammunition cannot be handled in the Safe Area.

Exception: Closed or sealed boxes of ammo can be handled.

6.6.18.4 Violation of this rule will result in a Match Disqualification (DQ).

6.7 CONDUCT DISQUALIFICATION (DQ) PENALTIES:

6.7.1 EXPECTED SHOOTER CONDUCT:

6.7.1.1 Competitors and spectators are expected to conduct themselves in a courteous, sportsmanlike manner at all times.

6.7.1.2 Clothing with offensive or obscene logos, sayings, pictures or drawings must not be worn or displayed at the event site.

6.7.1.3 Eye and ear protection is mandatory for all competitors, spectators & range personnel at all times while at the event site, and specifically while on or near a COF.

6.7.1.4 Failure to obey posted venue speed limits may result in the competitor being ejected from the match venue property.

6.7.1.5 If a competitor gets ejected from the match venue property they will be assessed a **Did Not Finish (DNF)** score for the remainder of the match.

6.7.2 LOSS OF SAFETY EQUIPMENT:

6.7.2.1 Any competitor who **INTENTIONALLY** loses or displaces eye or ear protection during a COF, shall be stopped and the action will be considered unsportsmanlike conduct.

6.7.2.2 A violation of this rule will result in a match DQ.

Exception: A competitor, during the COF, that **INADVERTENTLY** loses their eye or ear protection, may stop themselves immediately and safely notify the RO of the situation.

Note: If required, the competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order.

6.7.3 UNSPORTSMANLIKE CONDUCT:

6.7.3.1 This is defined as any conduct including, but not limited to: cheating, altering targets prior to scoring, altering or falsifying score sheets or data in electronic scoring devices, altering of firearms to gain advantage.

6.7.3.2 A violation of this rule will result in a match DQ.

6.7.4 ALTERING THE COURSE OF FIRE:

6.7.4.1 This is also Unsportsmanlike Conduct but involves the repositioning or altering of targets, no-shoots, barriers, barrels, walls, tables, grounding containers, fault lines, painted markings, banners, trees, bushes or anything else deemed by Range Officials to create an unfair advantage.

6.7.4.2 Violations will result in a match DQ.

6.7.5 DISRUPTIVE BEHAVIOR:

6.7.5.1 Threatening, assaulting, or displaying disruptive and hostile behavior toward any competitor, Range Officer, Range Master, Match Director, Match Staff or Range Venue Staff is not allowed.

6.7.5.2 A violation of this rule will result in a match DQ.

6.7.5.3 A match DQ for this type of conduct will result in immediate ejection from the match venue property.

Note: This also applies to all spectators.

6.7.6 DRUG AND ALCOHOL POLICY:

6.7.6.1 Competitors must not consume or be under the influence of alcohol or non-prescription drugs at the event site.

6.7.6.2 A violation of this rule will result in a match DQ.

6.7.6.3 A match DQ for this type of conduct will result in immediate ejection from the match venue property.

Note 1: This also applies to all spectators.

Note 2: If a competitor found to be impaired and deemed unsafe as a result of legitimate prescription drugs will only be directed to stop shooting and the COF will be scored as shot but will **NOT** result in a match DQ.

Note 3: The competitor, at the MDs discretion, may be allowed to resume competition, if judged to be fit to return.

6.7.7 MEDICAL CONDITIONS:

6.7.7.1 If a competitor is deemed by match staff to be unsafe, due to a medical condition, erratic behavior, an injury that impairs their ability to continue competing safely, or is deemed to be unsafe to themselves or others around them, will be directed to stop shooting and the COF will be scored as shot but will **NOT** result in a match DQ.

6.7.7.2 The final decision will be at the sole discretion of the MD.

7.0 CHALLENGES, APPEALS & ARBITRATION

7.1 CALIBRATION OF STEEL:

7.1.1 The RM must designate a specific supply of 9mm Luger ammunition and one or more 9mm Luger handguns to be used as the official calibration tools by RO's authorized to serve as calibration officers.

Note: Calibration ammo will consist of 115-125 grain 9mm factory loaded ammunition between 1100-1150 fps.

7.2 INITIAL CALIBRATION:

7.2.1 The initial calibration shot must be fired from the furthest location from the steel popper being calibrated.

Note: For initial calibration, each steel popper must be set to fall when hit within the calibration zone (*the circular plate portion of the popper*) with a single shot fired from a designated handgun using the calibration ammunition.

7.3 POPPER CALIBRATION CHALLENGES:

7.3.1 If during a COF, a popper does not fall when hit, a competitor has three options:

Option 1: Shoot the popper again until it falls. In this case, no further action is required and the COF is scored "As Shot".

Option 2: The popper is left standing but the competitor does not challenge the calibration. No further action is required and the COF is scored "As Shot" with the popper scored as a miss.

Option 3: The popper is left standing and the competitor challenges the calibration. In this case, the popper and the surrounding area on which it stands must not be touched or interfered with by any person. If a Range Official violates this rule, the target will be scored as a hit with no additional penalties assessed. If the competitor or any other person violates this rule, the target will be scored as a MOT and all appropriate penalties assessed. The COF will be scored "As Shot".

Note: If the popper falls for any non-interference reason (*i.e. wind action*) before it can be calibrated, the competitor will be required to engage the berm behind the target in order to avoid being assessed a MOT and FTE penalty.

7.4 CHECKING CALIBRATION:

7.4.1 In the absence of any interference or problem with a target mechanism, the RM must conduct a calibration test of the popper from as near as possible to the competitor's position when the shot was taken.

7.4.2 When the RM conducts calibrations test on the target in question, the following actions will apply:

Action 1: The calibration shot hits on or below the calibration zone and the popper falls; the popper is deemed to be properly calibrated and will be scored as a MOT.

Action 2: The calibration shot hits the popper in the calibration zone and the popper does not fall; the calibration test is deemed to have failed and the popper will be scored as a hit. The popper must now be recalibrated.

Action 3: The calibration shot hits the popper above the calibration zone, the calibration test is deemed to have failed and the popper will be scored as a hit. The popper must now be recalibrated.

Note: If the first shot fired by the calibration officer misses the popper altogether, another shot must be fired until "Actions 1, 2 or 3" occurs and satisfies the challenge.

7.5 CHALLENGES WITH KNOCK DOWN (KD) STEEL:

7.5.1 Designated steel KD plates are **NOT** subject to calibration.

7.5.2 If a designated steel KD plate is determined to have been struck by a single pistol or single rifle projectile and has turned or moved from its original set location and does not fall, the target **WILL** be scored as hit.

7.5.3 All designated steel KD plates engaged with birdshot **MUST** fall to score.

Note: All KD plates should have a target direction line applied, to specify the target presentation angle, to verify correct reset for competitors and add a visual aid for the RO to determine if the target was struck for officiating and arbitration purposes.

7.6 RE-SHOOTS:

7.6.1 Re-Shoots will only be issued and approved by the RM or MD.

7.6.2 The RM shall be informed immediately before any stage is re-shot for any reason.

7.6.3 If required, the competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order.

7.6.4 If a re-shoot is issued after the competitor has left the stage in question, the re-shoot will take place at the discretion of the RM or MD.

7.7 RANGE EQUIPMENT FAILURE:

7.7.1 If a target falls or fails without being engaged, (*i.e. wind action*) after the start signal, the range officer shall stop the competitor as soon as possible.

7.7.1.1 In the event of excessive wind conditions that make it impossible to reliably reset KD targets, the competitor will be instructed to shoot in the area where the target should have been placed.

7.7.2 The competitor will then be required to re-shoot once the COF has been restored.

7.7.3 Range Equipment Failure can include the timer.

7.7.4 If any time prior to the final event scores being posted CDTSA has determined that the timer, for any reason, failed to record the actual last shot or that the time posted is deemed to be improbable and/or impossible the competitor will be required to re-shoot the COF or receive a Did Not Finish (DNF) score for the COF in question.

Note 1: If required, the competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order

Note 2: If a re-shoot is issued after the competitor has left the stage in question, the re-shoot will take place at the discretion of the RM or MD.

7.8 LOSS OF SAFETY EQUIPMENT:

7.8.1 A competitor, during the COF, that **INADVERTENTLY** loses their eye or ear protection, may stop themselves and immediately notify the range officer why they have stopped.

7.8.2 The competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order.

Note: A competitor who **INTENTIONALLY** loses or displaces eye or ear protection during a COF, shall be stopped and the action will be considered unsportsmanlike conduct and result in a match DQ.

7.9 UN-RESTORED TARGETS:

7.9.1 If following completion of a COF by a previous competitor, one or more targets have not been properly reset or restored or if previously applied pasters have fallen off the target for the competitor being scored, the Range Officer must judge whether or not an accurate score can be determined.

7.9.2 If there are extra scoring hits, or if it is not obvious which hits the competitor being scored made, the affected competitor will be required to re-shoot the COF.

7.9.3 The competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order.

7.10 PROTOCOLS FOR CHALLENGES, APPEALS AND ARBITRATION:

7.10.1 Penalty calls and enforcement are made by the ROs' assigned to the stage.

7.10.2 If the competitor disagrees and challenges the RO's decision, the RM or MD will be called to make the final ruling in the matter.

Note: Safety violations will **NOT** be subject to arbitration or appeal.

7.10.3 In the event a competitor calls for arbitration, the competitor will be the only person permitted to be present, other than CDTSA staff, during the arbitration. If the competitor is a junior, one other person may be present as an advisor.

Note: Arbitrations will not be conducted in public or in the presence of non-involved competitors.

7.10.4 A safety rule violation is **NOT** negated because the RO did not immediately stop the competitor during the COF.

7.10.5 DQs will be finalized by the RM or the MD only.

7.10.6 Any turnover of a DQ must be finalized by both the RM and MD.

8.0 HOLSTERS & SLINGS

8.1 HOSTER REQUIREMENTS:

8.1.1 Holsters must be a practical strong side carry style and must be able to safely retain the pistol during vigorous movement.

8.1.2 The holster material must completely cover the trigger on all pistols.

8.1.3 The belt upon which the holster is attached must be secured at waist level.

8.1.4 Tactical thigh holsters are permitted and must be secured at waist level.

8.1.5 Due to safety concerns, shoulder holsters, inside the waistband, concealed types and cross draw holsters are specifically not allowed.

8.2 SLING REQUIREMENTS:

8.2.1 CDTSA matches allow the use of a sling and per the WSB may be required to complete a COF.

8.2.2 All slung firearms must be unloaded, chamber empty, bolt forward, hammer down, loading tube empty and no magazines inserted at the start signal.

8.2.3 Once a slung firearm is loaded, discharged and/or used during the COF it **MUST** be abandoned in a designated container and/or be re-used, but may **NOT** be re-slung.

9.0 AMMUNITION

9.1 PISTOL & RIFLE AMMUNITION REQUIREMENTS:

9.1.1 Pistol and rifle cartridges must fire a single projectile only.

9.1.1.1 A violation of this rule will be deemed unsportsmanlike conduct and result in a match DQ.

9.1.2 Tracer, incendiary, armor piercing or steel/tungsten/composite core projectiles are **NOT** allowed and are prohibited from use on all steel targets.

Note: If the target is damaged or destroyed the competitor will be required to pay and/or replace the damaged target.

9.1.3 Pistol ammunition shall be 9mm Luger min

9.1.4 Rifle ammunition shall be .223 Remington min

9.2 SHOTGUN AMMUNITION REQUIREMENTS:

9.2.1 Shotgun ammunition can only be 20ga or 12ga.

9.2.2 Birdshot shall be **#6** lead shot or smaller.

9.2.3 Slugs shall be **1 ½ oz.** lead slug or smaller.

9.2.4 Buckshot is not permitted.

Note: Use of steel shot on steel is considered a safety violation and will result in a match DQ.

10.0 FIREARMS

10.1 FIREARM SPECIFICATIONS:

For purposes of this section, a "Firearm" consists of a specific caliber, receiver, barrel, stock, attachments and sighting system combination.

10.2 LOADED FIREARMS:

10.2.1 Is defined as, any live round loaded and/or partially loaded into a feed tube or magazine that is part of or inserted into a firearm and depresses, engages or activates a loading mechanism or a portion of one prior to the start signal.

Example: Shotgun lifter/magazine, rifle bolt/carrier magazine or pistol slide/magazine

10.3 COMPETITOR FIREARMS:

10.3.1 All firearms used by competitors must be serviceable and safe. ROs' may demand examination of a competitor's firearm or related equipment at any time to check that they are functioning safely. If a RO declares any such firearm unserviceable or unsafe, it must be withdrawn from the event until the firearm is repaired or replaced to the satisfaction of the RM or MD or their designee.

10.3.2 The same firearm system for each gun shall be used during the entire event. Illegal changes include, but are not limited to: change of caliber, barrel length, shotgun magazine tube length, sighting systems or stock style.

Note: Shotgun choke changes are allowed.

10.3.3 If a competitor's firearm becomes unserviceable during competition, the competitor may borrow or replace their firearm with another of the same model, caliber and sighting system.

10.3.4 All replacement firearms **MUST** be approved by the RM or MD or his designee.

10.4 BINARY STYLE TRIGGERS:

10.4.1 Binary triggers are prohibited in Canada.

10.5 SOUND SUPPRESSORS:

10.5.1 Suppressors are prohibited in Canada.

10.6 FIREARM MALFUNCTIONS:

10.6.1 In the event that an RO witnesses or has suspicion that a competitor has an unsafe firearm or ammunition, the RO **CAN** allow the competitor to safely abandon the firearm in question.

Exception: In the case of a suspected squib the RO must stop the competitor due to safety concerns.

10.6.2 If the competitor attempts to discharge an unsafe firearm or ammunition the RO **WILL** stop the competitor and return both the competitor and COF to a safe condition.

10.6.3 The RO will escort the competitor to a safe area and inspect the firearm or ammunition.

Example: Squib, fouling or broken components etc.

10.6.4 If the RO finds evidence that confirms the suspected problem, the competitor will **NOT** be entitled to a re-shoot, but will be ordered to rectify the problem. The time will be recorded up to the last shot fired, and the COF will be scored as shot including all applicable MOTs and FTEs.

10.6.5 If the RO discovers that the suspected safety problem does **NOT** exist, the competitor **WILL** be required to reshoot the COF. The competitor has the option to re-shoot the COF immediately or be moved to the bottom of the shooting order.

11.0 WEATHER RULES

11.1 WEATHER RULES DECLARATION:

11.1.1 In the event that inclement or severe weather is forecast anytime during the match, the RM and MD may, at their discretion declare Weather Rules to be in effect.

Example: Measures taken to facilitate the continuation and success of the match during periods of high rain, wind or stormy conditions that may impact the function of targets, stage props, scoring and footing.

11.2 WEATHER RULES DURATION:

11.2.1 Once Weather Rules have been initiated, they must remain in effect till the final event scores are posted and the conclusion of the match is reached.

11.2.2 Weather rules shall be binding even if the weather conditions do **NOT** occur, or do **NOT** exist on a different day.

11.3 WEATHER RULES CORRECTIVE MEASURES:

Include but not limited to:

11.3.1 Postponing live fire during periods of lightning strikes.

11.3.2 Bagging paper targets to protect from moisture, paster loss and replacement.

11.3.3 Adding inert material to the shooting area to improve dangerous footing conditions.

11.3.4 Using rubber bands, clips or other devices to secure knock down steel targets, and clays.

11.4 RE-SHOOT AND RANGE EQUIPMENT FAILURE:

11.4.1 For poppers, other hinged targets, falling steel, or clay targets, the following options shall apply under Weather Rules with regard to re-shoots due to range equipment malfunction.

Option 1: If any targets are blown down, fall, or are otherwise defeated by weather related causes **BEFORE** the RO has activated the start timer initiating the COF, the RO shall stop the competitor, make the COF safe, remedy the target(s), and re-start the competitor.

Option 2: If any targets are blown down, fall, or are otherwise defeated by weather related causes **AFTER** the RO has activated the start timer initiating the COF, the shooter shall continue the course of fire, but **MUST** engage the target or it's stand with at least one shot with the correct firearm for that target.

11.4.2 Failure to engage the defeated steel or clay target will result in all applicable MOT and FTE penalties.

12.0 MULTI-GUN DIVISIONS

MULTI-GUN DIVISIONS:

CDTSA officially recognized divisions for **MULTI-GUN** matches only.

MULTI-GUN DIVISIONAL CALIBER REQUIREMENTS

- a) Multi-Gun Pistol:** 9mm Luger min
- b) Multi-Gun Rifle:** .223 Remington min
- c) Multi-Gun Shotgun:** 20ga min/12ga max

12.1 UNLIMITED DIVISION

12.1.1 UNLIMITED PISTOL

12.1.1.1 No limitations on accessories.

12.1.1.2 Magazine length is unrestricted.

12.1.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.1.2 UNLIMITED RIFLE

12.1.2.1 No limitations on accessories.

12.1.2.2 Rifle supporting devices (*i.e. bipods, shooting bags etc.*) may be added, replaced or removed during the course of the event.

12.1.2.3 Tri-pods, shooting sticks and similar style of rests or supporting devices are **NOT** allowed.

12.1.2.5 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.1.3 UNLIMITED SHOTGUN

12.1.3.1 No limitations on accessories.

12.1.3.2 The changing of barrel length is not allowed in Unlimited Division.

12.1.3.3 Shotgun speed loaders are allowed in Unlimited

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.1.3.4 Shotguns in Unlimited Division have no capacity limitations within the provisions of the Firearms Act.

12.1.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with the safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.2 PRACTICAL DIVISION

12.2.1 PRACTICAL PISTOL

12.2.1.1 Firearms must function and operate as in the original factory configuration.

12.2.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.2.1.3 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.2.1.4 Pistol magazines used shall not exceed 171.25 mm OAL (**overall length**) for single stack and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.2.1.5 Any Pistol Magazine failing to meet the provisions of ([Rule 17.2.1.4](#)) after the competitor has completed one or more stages, will result in the shooter being moved into Unlimited Division.

12.2.1.6 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.2.2 PRACTICAL RIFLE

12.2.2.1 Firearms must function and operate as in the original factory configuration.

12.2.2.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.2.2.3 Compensators are allowed in this division provided the compensator is not larger than one (1") inch in diameter and three (3") inches long, measured from the barrel muzzle to the end of the compensator.

12.2.2.4 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.2.2.5 Practical Division rifles may be equipped with iron sights and or no more than one (1) optical sight. Both sight systems may be used in conjunction, co-witnessed or offset.

12.2.2.6 A magnifier may be used with an optical sight in this division without violating the one optic rule, provided:

- a)** The magnifier does not contain an aiming reticle.
- b)** The magnifier cannot be used as an aiming device by itself.
- c)** The magnifier is mounted in the same location on the rifle for the entire event.

If the provisions above are satisfied:

- d)** The magnifier will not be considered a second or separate optic.
- e)** The competitor may start and use the magnifier in either the magnified or unmagnified condition without further restriction.

12.2.2.7 Any rifle supporting devices to include but not limited to bipods and/or monopods or a device that deploys one or two legs and or supports and elevates the muzzle end of the firearm on its own without the use of the competitor's hands, arms or inserted mags are not permitted

(i.e. will stand upright under its own support). Attachments and accessories that extend (5") inches or less from the hand guard or forearm are allowed provided they are attached or affixed prior to the start of the first stage and remain in the same location for the duration of the match. Removal and/or changing location will move the competitor into the Unlimited Division.

12.2.2.8 Rifle supporting bags that can be used alone or attached to the competitor or rifle are **NOT** legal for this division.

Note: Coupled or single magazines are not considered supporting devices.

12.2.2.8 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.2.3 PRACTICAL SHOTGUN

12.2.3.1 Firearms must function and operate as in the original factory configuration.

12.2.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.2.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.2.3.4 Barrel length may not be changed for the duration of the event.

12.2.3.5 No electronic or optical sights allowed on shotguns in this division.

12.2.3.6 No shotgun supporting devices (*i.e. bipods, etc. Rules [12.2.2.7](#) & [12.2.2.8](#) apply*) allowed in this division.

12.2.3.7 No compensators or porting on barrels allowed in this division.

12.2.3.8 No shotgun speed loaders allowed in this division.

12.2.3.9 Practical Division shotguns shall not start a COF with more than nine (**9**) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.2.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.3 Unlimited Pistol-Calibre Carbine (PCC)

12.3.1 Unlimited PCC Pistol

12.3.1.1 There are no limitations on accessories.

12.3.1.2 Minimum caliber is 9mm Luger min

12.3.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

12.3.2 Unlimited PCC Rifle

12.3.2.1 There are no limitations on accessories.

12.3.2.2 Carbine supporting devices (i.e. bipods, shooting bags etc.) may be added, replaced or removed during the course of the event.

12.3.2.3 Tri-pods, shooting sticks and similar style of rests or supporting devices are NOT allowed.

12.3.2.4 Carbine caliber is restricted to centerfire pistol calibers ONLY.

12.3.2.5 Minimum caliber is 9mm Luger minimum

12.3.2.6 The "Stage Ready Condition" for all carbines shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.3.3 Unlimited PCC Shotgun

12.3.3.1 There are no limitations on accessories.

12.3.3.2 The changing of barrel length is NOT allowed in Unlimited PCC Division.

12.3.3.3 Shotgun speed loaders are allowed in Unlimited PCC Division.

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.3.3.4 Unlimited PCC Division shotguns have no capacity limitations within the limitations of the Firearms Act.

12.3.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.4 Practical Pistol-Calibre Carbine (PCC)

12.4.1 PRACTICAL PCC PISTOL

12.4.1.1 Firearms must function and operate as in the original factory configuration.

12.4.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.4.1.3 Minimum caliber is 9mm Luger min

12.4.1.4 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.4.1.5 Magazines used shall not exceed 171.25 mm OAL (overall length) for single stack, and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.4.1.6 Any Pistol Magazines failing the provisions of (**Rule 12.4.1.5**) after the competitor has completed one or more stages, will result in the competitor being moved to Unlimited PCC Division.

12.4.1.7 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.4.2 PRACTICAL PCC CARBINE

12.4.2.1 Firearms must function and operate as in the original factory configuration.

12.4.2.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.4.2.3 There are no magazine capacity or magazine length restrictions in this division.

12.4.2.4 Carbine caliber is restricted to centerfire pistol calibers ONLY.

12.4.2.5 Minimum caliber is 9mm Luger

12.4.2.6 There are no restrictions on compensators or brakes in this division.

12.4.2.7 There are no magazine capacity or magazine length restrictions in this division.

12.4.2.8 Practical Carbines may be equipped with iron sights and or no more than one (1) optical sight. Both sight systems may be used in conjunction, co-witnessed or offset.

12.4.2.9 A magnifier may be used with an optical sight in this division without violating the one optic rule, provided:

a) The magnifier does not contain an aiming reticle.

b) The magnifier cannot be used as an aiming device by itself.

c) The magnifier is mounted in the same location on the rifle for the entire event.

If the provisions above are satisfied:

d) The magnifier will not be considered a second/separate optic.

e) The competitor may start and use the magnifier in either the magnified or unmagnified condition without further restriction.

12.4.2.10 Any Practical PCC Carbine supporting devices to include but not limited to bipods and/or monopods or a device that deploys one or two legs and or supports and elevates the muzzle end of the firearm on its own without the use of the competitor's hands or arms are not

permitted (i.e. will stand upright under its own support). Attachments and accessories that extend (5") inches or less from the hand guard or forearm are allowed provided they are attached or affixed prior to the start of the first stage and remain in the same location for the duration of the match. Removal and or changing location will move the competitor into Unlimited 22 Rimfire Division.

12.4.2.11 Rifle supporting bags that can be used alone or attached to the competitor or rifle are NOT legal for this division.

Note: Coupled or single magazines are not considered supporting devices.

12.4.2.12 The "Stage Ready Condition" for all carbines shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

12.4.3 PRACTICAL PCC SHOTGUN

12.4.3.1 Firearms must function and operate as in the original factory configuration.

12.4.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.4.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.4.3.4 Barrel length may not be changed for the duration of the event.

12.4.3.5 No electronic or optical sights allowed on shotguns in this division.

12.4.3.6 No shotgun supporting devices (*i.e. bipods, etc. Rules [12.4.2.10](#) & [12.4.2.11](#) apply*) allowed in this division.

12.4.3.7 No compensators or porting of barrels allowed in this division.

12.4.3.8 No shotgun speed loaders allowed in this division.

12.4.3.9 Practical PCC Division shotguns shall not start a COF with more than nine (9) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.4.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

12.5 Unlimited Classic Semi-Auto

12.5.1 Unlimited Classic Pistol

12.5.1.1 There are no limitations on accessories.

12.5.1.2 Minimum caliber is 9mm Luger

12.5.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

12.5.2 Unlimited Classic Semi-Auto Rifle

12.5.2.1 No AR-15/Modern Sporting Rifle firearms

12.5.2.2 There are no limitations on accessories.

12.5.2.3 Rifle supporting devices (i.e. bipods, shooting bags etc.) may be added, replaced or removed during the course of the event.

12.5.2.4 Tri-pods, shooting sticks and similar style of rests or supporting devices are NOT allowed.

12.5.2.5 Minimum caliber is .223 Remington

12.5.2.6 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.5.3 Unlimited Classic Semi-Auto Shotgun

12.5.3.1 There are no limitations on accessories.

12.5.3.2 The changing of barrel length is NOT allowed in Unlimited PCC Division.

12.5.3.3 Shotgun speed loaders are allowed in Unlimited PCC Division.

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.5.3.4 Unlimited PCC Division shotguns have no capacity limitations within the limitations of the Firearms Act.

12.5.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.6 Practical Classic Semi-Auto

12.6.1 Practical Classic Pistol

12.6.1.1 Firearms must function and operate as in the original factory configuration.

12.6.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.6.1.3 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.6.1.4 Pistol magazines used shall not exceed 171.25 mm OAL (**overall length**) for single stack and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.6.1.5 Any Pistol Magazine failing to meet the provisions of ([Rule 12.6.1.4](#)) after the competitor has completed one or more stages, will result in the shooter being moved into Unlimited Division.

12.6.1.6 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.6.2 Practical Classic Semi-Auto Rifle

12.6.2.1 No AR-15/Modern Sporting Rifle firearms

12.6.2.2 Firearms must function and operate as in the original factory configuration.

12.6.2.3 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.6.2.4 Compensators are allowed in this division provided the compensator is not larger than one (1") inch in diameter and three (3") inches long, measured from the barrel muzzle to the end of the compensator.

12.6.2.5 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.6.2.6 Practical Division rifles may be equipped with iron sights and or no more than one (1) optical sight. Both sight systems may be used in conjunction, co-witnessed or offset.

12.6.2.7 A magnifier may be used with an optical sight in this division without violating the one optic rule, provided:

- a) The magnifier does not contain an aiming reticle.
- b) The magnifier cannot be used as an aiming device by itself.
- c) The magnifier is mounted in the same location on the rifle for the entire event.

If the provisions above are satisfied:

- d) The magnifier will not be considered a second or separate optic.
- e) The competitor may start and use the magnifier in either the magnified or unmagnified condition without further restriction.

12.6.2.8 Any rifle supporting devices to include but not limited to bipods and/or monopods or a device that deploys one or two legs and or supports and elevates the muzzle end of the firearm on its own without the use of the competitor's hands, arms or inserted mags are not permitted

(i.e. will stand upright under its own support). Attachments and accessories that extend (5") inches or less from the hand guard or forearm are allowed provided they are attached or affixed prior to the start of the first stage and remain in the same location for the duration of the match. Removal and/or changing location will move the competitor into the Unlimited Division.

12.6.2.9 Rifle supporting bags that can be used alone or attached to the competitor or rifle are **NOT** legal for this division.

Note: Coupled or single magazines are not considered supporting devices.

12.6.2.10 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.6.3 Practical Classic Shotgun

12.6.3.1 Firearms must function and operate as in the original factory configuration.

12.6.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.6.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.6.3.4 Barrel length may not be changed for the duration of the event.

12.6.3.5 No electronic or optical sights allowed on shotguns in this division.

12.6.3.6 No shotgun supporting devices (*i.e. bipods, etc. Rules [12.6.2.8](#) & [12.6.2.9](#) apply*) allowed in this division.

12.6.3.7 No compensators or porting on barrels allowed in this division.

12.6.3.8 No shotgun speed loaders allowed in this division.

12.6.3.9 Practical Division shotguns shall not start a COF with more than nine (**9**) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.6.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.7 Unlimited Bolt Action

12.7.1 Unlimited Bolt Action Pistol

12.7.1.1 No limitations on accessories.

12.7.1.2 Magazine length is unrestricted.

12.7.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.7.2 Unlimited Bolt Action Rifle

12.7.2.1 All firearms must be manually-actuated (bolt, lever, pump, etc)

12.7.2.2 There are no limitations on accessories.

12.7.2.3 Rifle supporting devices (i.e. bipods, shooting bags etc.) may be added, replaced or removed during the course of the event.

12.7.2.4 Tri-pods, shooting sticks and similar style of rests or supporting devices are NOT allowed.

12.7.2.5 Minimum caliber is .223 Remington

12.7.2.6 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.7.3 Unlimited Bolt Action Shotgun

12.7.3.1 There are no limitations on accessories.

12.7.3.2 The changing of barrel length is NOT allowed in Unlimited PCC Division.

12.7.3.3 Shotgun speed loaders are allowed in Unlimited PCC Division.

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.7.3.4 Unlimited PCC Division shotguns have no capacity limitations within the limitations of the Firearms Act.

12.7.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.8 Practical Bolt Action

12.8.1 Practical Bolt Action Pistol

12.8.1.1 Firearms must function and operate as in the original factory configuration.

12.8.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.8.1.3 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.8.1.4 Pistol magazines used shall not exceed 171.25 mm OAL (**overall length**) for single stack and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.8.1.5 Any Pistol Magazine failing to meet the provisions of ([Rule 12.8.1.4](#)) after the competitor has completed one or more stages, will result in the shooter being moved into Unlimited Division.

12.8.1.6 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.8.2 Practical Bolt Action Rifle

12.8.1 All firearms must be manually-actuated (bolt, lever, pump, etc)

12.8.2.2 Firearms must function and operate as in the original factory configuration.

12.8.2.3 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.8.2.4 Compensators are allowed in this division provided the compensator is not larger than one (1") inch in diameter and three (3") inches long, measured from the barrel muzzle to the end of the compensator.

12.8.2.5 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.8.2.6 Practical Division rifles may be equipped with iron sights and or no more than one (1) optical sight. Both sight systems may be used in conjunction, co-witnessed or offset.

12.8.2.7 A magnifier may be used with an optical sight in this division without violating the one optic rule, provided:

- a) The magnifier does not contain an aiming reticle.
- b) The magnifier cannot be used as an aiming device by itself.
- c) The magnifier is mounted in the same location on the rifle for the entire event.

If the provisions above are satisfied:

d) The magnifier will not be considered a second or separate optic.

e) The competitor may start and use the magnifier in either the magnified or unmagnified condition without further restriction.

12.8.2.8 Any rifle supporting devices to include but not limited to bipods and/or monopods or a device that deploys one or two legs and or supports and elevates the muzzle end of the firearm on its own without the use of the competitor's hands, arms or inserted mags are not permitted

(i.e. will stand upright under its own support). Attachments and accessories that extend (5") inches or less from the hand guard or forearm are allowed provided they are attached or affixed prior to the start of the first stage and remain in the same location for the duration of the match. Removal and/or changing location will move the competitor into the Unlimited Division.

12.8.2.9 Rifle supporting bags that can be used alone or attached to the competitor or rifle are **NOT** legal for this division.

Note: Coupled or single magazines are not considered supporting devices.

12.8.2.10 The "Stage Ready Condition" for all rifles shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.8.3 Practical Bolt Action Shotgun

12.8.3.1 Firearms must function and operate as in the original factory configuration.

12.8.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.8.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.8.3.4 Barrel length may not be changed for the duration of the event.

12.8.3.5 No electronic or optical sights allowed on shotguns in this division.

12.8.3.6 No shotgun supporting devices (*i.e. bipods, etc. Rules [12.9.2.8](#) & [12.9.2.9](#) apply*) allowed in this division.

12.8.3.7 No compensators or porting on barrels allowed in this division.

12.8.3.8 No shotgun speed loaders allowed in this division.

12.8.3.9 Practical Division shotguns shall not start a COF with more than nine (**9**) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.8.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.9 Unlimited 2-Gun

12.9.1 Unlimited 2-Gun Pistol

12.9.1.1 No limitations on accessories.

12.9.1.2 Magazine length is unrestricted.

12.9.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.9.2 Unlimited 2-Gun Shotgun

12.9.3.1 There are no limitations on accessories.

12.9.3.2 The changing of barrel length is NOT allowed in Unlimited PCC Division.

12.9.3.3 Shotgun speed loaders are allowed in Unlimited PCC Division.

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.9.3.4 Unlimited PCC Division shotguns have no capacity limitations within the limitations of the Firearms Act.

12.9.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.10 Practical 2-Gun

12.10.1 Practical 2-Gun Pistol

12.10.1.1 Firearms must function and operate as in the original factory configuration.

12.10.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.10.1.3 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.10.1.4 Pistol magazines used shall not exceed 171.25 mm OAL (**overall length**) for single stack and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.10.1.5 Any Pistol Magazine failing to meet the provisions of ([Rule 12.10.1.4](#)) after the competitor has completed one or more stages, will result in the shooter being moved into Unlimited Division.

12.10.1.6 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.10.2 Practical 2-Gun Shotgun

12.10.3.1 Firearms must function and operate as in the original factory configuration.

12.10.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.10.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.10.3.4 Barrel length may not be changed for the duration of the event.

12.10.3.5 No electronic or optical sights allowed on shotguns in this division.

12.10.3.6 No shotgun supporting devices (*i.e. bipods, etc.*) allowed in this division.

12.10.3.7 No compensators or porting on barrels allowed in this division.

12.10.3.8 No shotgun speed loaders allowed in this division.

12.10.3.9 Practical Division shotguns shall not start a COF with more than nine (**9**) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.10.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.11 Unlimited Rimfire

12.11.1 Unlimited Rimfire Pistol

12.11.1.1 No limitations on accessories.

12.11.1.2 Magazine length is unrestricted.

12.11.1.3 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.11.2 Unlimited Rimfire Rifle

12.11.2.1 There are no limitations on accessories.

12.11.2.2 Carbine caliber is restricted to .22 cal rimfire only

12.11.2.3 Carbine supporting devices (*i.e. bipods, shooting bags etc*). may be added, replaced or removed during the course of the event.

12.11.2.4 Tri-pods, shooting sticks and similar style of rests or supporting devices are NOT allowed.

12.11.2.5 The "Stage Ready Condition" for all carbines shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

12.11.3 Unlimited Rimfire Shotgun

12.11.3.1 There are no limitations on accessories.

12.11.3.2 The changing of barrel length is NOT allowed in Unlimited PCC Division.

12.11.3.3 Shotgun speed loaders are allowed in Unlimited PCC Division.

a) Shotgun speed loaders must be the type with the primer relief cut.

b) Use of shotgun speed loaders without the primer relief cut is a safety violation, resulting in a match DQ.

12.11.3.4 Unlimited PCC Division shotguns have no capacity limitations within the limitations of the Firearms Act.

12.11.3.5 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the Written Stage Briefing.

12.12 Practical Rimfire

12.12.1 Practical Rimfire Pistol

12.12.1.1 Firearms must function and operate as in the original factory configuration.

12.12.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.12.1.3 Firearms with custom or factory installed electronic sights, optical sights, compensators or barrel porting are not allowed in this division.

12.12.1.4 Pistol magazines used shall not exceed 171.25 mm OAL (**overall length**) for single stack and shall not exceed 141.25mm OAL for double stack or staggered magazines.

12.12.1.5 Any Pistol Magazine failing to meet the provisions of ([Rule 12.12.1.4](#)) after the competitor has completed one or more stages, will result in the shooter being moved into Unlimited Division.

12.12.1.6 The "Stage Ready Condition" for all pistols shall be magazine and chamber loaded and holstered, unless stipulated otherwise in the Written Stage Briefing.

Multi-gun or Long Range: If the competitor opts to go prone at the start, then the pistol can be holstered, with loaded magazine inserted, with the chamber empty.

12.12.2 Practical Rimfire Rifle

12.12.2.1 Firearms must function and operate as in the original factory configuration.

12.12.2.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.12.2.3 Carbine caliber is restricted to .22 cal rimfire only

12.12.2.4 There are no restrictions on compensators or brakes in this division.

12.12.2.5 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.12.2.6 Practical Rimfire Carbines may be equipped with iron sights and or no more than one (1) optical sight. Both sight systems may be used in conjunction, co-witnessed or offset.

12.12.2.7 A magnifier may be used with an optical sight in this division without violating the one optic rule, provided:

- a)** The magnifier does not contain an aiming reticle.
- b)** The magnifier cannot be used as an aiming device by itself.
- c)** The magnifier is mounted in the same location on the rifle for the entire event.

If the provisions above are satisfied:

- d)** The magnifier will not be considered a second/separate optic.
- e)** The competitor may start and use the magnifier in either the magnified or unmagnified condition without further restriction.

12.12.2.8 Any Practical Carbine supporting devices to include but not limited to bipods and/or monopods or a device that deploys one or two legs and or supports and elevates the muzzle end of the firearm on its own without the use of the competitor's hands or arms are not permitted (***i.e. will stand upright under its own support***). Attachments and accessories that extend (5") inches or less from the hand guard or forearm are allowed provided they are

attached or affixed prior to the start of the first stage and remain in the same location for the duration of the match. Removal and or changing location will move competitor in to Unlimited 22 Rimfire Division.

12.12.2.9 Rifle supporting bags that can be used alone or attached to the competitor or rifle are **NOT** legal for this division.

Note: Coupled or single magazines are not considered supporting devices.

12.12.2.10 The "Stage Ready Condition" for all carbines shall be magazine and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

12.12.3 Practical Rimfire Shotgun

12.12.3.1 Firearms must function and operate as in the original factory configuration.

12.12.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.12.3.3 Only conventional tubular magazine fed shotguns allowed in this division.

12.12.3.4 Barrel length may not be changed for the duration of the event.

12.12.3.5 No electronic or optical sights allowed on shotguns in this division.

12.12.3.6 No shotgun supporting devices (*i.e. bipods, etc. Rules [12.12.2.8](#) & [12.12.2.9](#) apply*) allowed in this division.

12.12.3.7 No compensators or porting of barrels allowed in this division.

12.12.3.8 No shotgun speed loaders allowed in this division.

12.12.3.9 Practical PCC Division shotguns shall not start a COF with more than nine (9) shells total in the shotgun. If capacity allows, loading additional shells after the start is permitted.

12.12.3.10 The "Stage Ready Condition" for all shotguns shall be magazine tube and chamber loaded with safety engaged, unless stipulated otherwise in the WSB.

12.13 Just for Fun

Just for Fun is a class intended for anyone who wants to try out 3-Gun, but doesn't have the correct equipment to participate in one of the other divisions. Those with the proper equipment are strongly encouraged to register in one of the existing divisions.

While this division exists to accommodate those without the proper equipment, it may not be practical to use certain firearms during a 3-Gun match. Please contact CDTSA if you have any questions.

12.13.1 JUST FOR FUN PISTOL

12.13.1.1 Firearms must be functional and operate as in the original factory configuration.

12.13.1.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.13.1.3 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.13.2 JUST FOR FUN RIFLE

12.13.2.1 Firearms must be functional and operate as in the original factory configuration.

12.13.2.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.13.2.3 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.

12.13.3 JUST FOR FUN SHOTGUN

12.13.3.1 Firearms must be functional and operate as in the original factory configuration.

12.13.3.2 Internal and External modifications are allowed, provided the modifications do not alter the original function and operation of the firearm.

12.13.3.3 There are no magazine capacity or magazine length restrictions in this division, within the provisions of the Firearms Act.
